GROWING OUR BEST FOR YOU!

OUR GROWING METHODS

We are on the cutting edge of greenhouse management.

We nourish our plants with a natural soy-based fertilizer, while also incorporating compost teas and other beneficial soil microorganisms. Our biological controls, along with Integrated Pest Management (IPM), and careful environmental management round out our natural production system. Our plants are grown with no chemical growth regulators or neonicotinoids. We strive to offer you healthy, hardy plants that will excel and flourish when planted. We believe there is no substitute for the quality obtained by starting and nourishing plants from seed or cuttings, here in our own greenhouse.

MINIMUMS

We have \$500 minimum on wholesale orders.
Orders under \$500 will have an extra fee.
We do not split trays. Full trays only.

OTHER INFORMATION

- We charge a \$65 delivery fee for deliveries made within the Twin Cities metro. (We will deliver outside the metro area for additional cost.)
- We will send out weekly availability on Saturdays via email or fax. Please let us know if you want to be put on the list.
- We are shooting to have some product available beginning of April.

HELLO!

Welcome to **Green Earth Growers** – a proudly woman-owned/ran greenhouse nestled in Prior Lake, Minnesota, just south of the Cities. Our journey began in 2004, fueled by a love for learning and a commitment to cultivating sustainable, high-quality products. As we approach two decades of greenhouse adventures, we extend our heartfelt **THANKS** to all of you who have been supporting us. Your continued support has fueled our passion for growing, enabling us to provide the community with sustainably grown, top-notch plants. It's truly humbling to imagine our plant 'babies' thriving in homes and gardens across the Cities. Join us in celebrating 20 years of growth, quality, and a greener Earth!"

After overcoming snow damage last year, we're thrilled to embark on our maiden voyage with our new growing range. As we sail into this new era of growth, we remain unwavering in our commitment to cultivating top-notch, quality products. Your support has been instrumental in our journey, and we genuinely appreciate it. Join us in this season of growth and excellence as we continue to nurture the best for you."

Your plant needs are our priority, and we're eager to assist you! For us, this is more than a business—it's a labor of love. Our passion drives us to deliver nothing but the best, ensuring you receive top-quality plants. Trust us to cultivate excellence and fulfill your green aspirations. Let's grow together!

Thanks – Jenny & Jolea

* **HYPOESTES**

SPLASH™ SERIES: This adorable “Polka Dot Plant” grows well in the shade. Deep green leaves splashed with color. 6”, Shade, Colors Available: Red, Rose, & White

* **IMPATIENS**

BEACON® SERIES: High resistance to Impatiens Downy Mildew. Hard working, resilient, well-behaved compact plants display the familiar impatiens flowers that we love. Deep green leaves splashed with color. 10-12”, Shade

Colors Available: Bright Red, Coral, Mix, Orange, Violet, & White

LOLLIPOP MAXI MIX: Compact plants with bright vivid colors that pop in the garden. 6”, Shade

SUPER ELFIN® SERIES: These early blooming, free-flowering shade beauties are covered in large bright flowers. 8-10”, Shade, Colors Available: Deep Pink, & Violet Starburst

* **LOBELIA**

REGATTA SERIES: A superior, quick blooming, cascading variety that performs all summer long. 6”, Shade/Part Shade, Colors Available: Midnight Blue (NEW!!!), Rose, & Sky Blue

* **MARIGOLD**

BONANAZA™ SERIES: The market leader in French marigolds. Early, large flowers with superior performance. Great garden performers, marigolds have been prized for medicinal qualities and for their ability to help control nematodes in the garden. 10-12”, Part Sun/Sun, Colors Available: Bee, Mix, Orange, & Yellow

FLAMENCO: Yellow centers and red-tipped petals, this novelty color will look great in patio containers and gardens alike. 10-12”, Part Sun/Sun

MR MAJESTIC: A charming bicolor French Marigold, with a distinctive appearance. Marigold ‘Mr. Majestic’ produces brightly striped blooms in mahogany and gold creating a startling color contrast. 10-12”, Part Sun/Sun

STRAWBERRY BLONDE: Extraordinaire! This breakthrough French marigold commands loving attention with a floriferous rush of bicolor pastel pink, rose, and yellow blooms. These beautiful blooms change color. When warmer, blooms are yellow-pink; when cooler, pink-plum tones kick in. 8-10”, Part Sun/Sun

SUPERHERO™ SPRY: Lovely compact French marigold with dark maroon lower petals and golden yellow upper petals perched on top of the dark green foliage. Truly a garden stunner. 10-12”, Part Sun/Sun

* **PANSY** (available early April)

ATLAS BLACK: A novelty pansy with its pure black blossoms. 8”, Part Sun/Shade

DELTA™ SERIES: This outstanding series offers large 3” flowers and is heat tolerant. 4-6”, Part Sun/Sun, Colors Available: Blotch Mix, Cotton Candy, Pink Shades, Pro Citrus Mix (New!!!), Pro Lavender Blue Shades (New!!!)

MATRIX SUNRISE: A beautiful color mix, large 2-3” blooms, and excellent branching. 6-8”, Part Sun/Shade – NEW!!!

NATURE ANTIQUE SHADES: Larger than a viola but smaller than a pansy, these heavy bloomers throw up beautiful blend of burnt orange, dusky rose and peach flowers. 6-10”, Part Sun/Shade – NEW!!!

* **PETUNIA**

DOLCISSIMA TRIO: Brilliant 3” wide ruffled blooms radiate soft pastel tones all summer long. 8-10”, Part Sun/Sun

DOUBLE GLORIOUS MIX: Stunning double blooms. 10-15”, Spread 10-12”, Part Sun/Sun – NEW!!!

EXPRESSO @ FRAPPE ROSE: Awesome dwarf petunia that wins for its very showy, frilly pink blooms that are complemented by dark-green foliage. 12-14”, Part Sun/Sun

FLASHFORWARD™ SERIES: Cute, mini flowering Petunias. Perfect for baskets or containers. 6-10”, Spread 18-24” spread, Part Sun/Sun, Colors Available: Cool Water Mix, Pink Glo, & Sky Blue

MERLIN BLUE MORN (AAS Winner): 2 ½” blooms are pure white in the center with a soft transition to velvety blue on the petal’s edge. 11”, Part Sun/Sun

SUPERCASCADE SERIES: Over 4” blooms cover this floriferous petunia. Gorgeous colors. 12-15”, Spread 10-12”, Part Sun/Sun, Colors Available: Blue, Burgundy, Mix, Rose, & Salmon

TART MULTIFLORA MIX: Beautiful mix of double petunia flowers. 8”, Part Sun/Sun

TRITUNIA™ SERIES: Bred from selections of top performers into one high performance series. An excellent choice for containers and borders with a compact growth habit and flowers that bloom non-stop. 10-12”, Spread 12-14”, Part Sun/Sun, Colors Available: Blue, Crimson Star, Mix, Red, Rose, Salmon Veined, & White

* **PORTULACA**

HAPPY TRAILS SERIES: These heat loving plants are sure to catch the eye in any garden setting. 8-10", Spread 10-12", Sun, Colors Available: **Mix, Orange, Rosita (Hot Pink), & Tropical Mix (Hot blend of deep red, orange, & banana)**

* **SALVIA**

BLUE BEDDER: This tall, old fashion strain produces vibrant deep blue flowers. 25-30", Part Sun/Sun

SIZZLER SERIES: Bold flower spikes are held well above the dark green foliage. Excellent garden performance. 10", Part Sun/Sun, Colors Available: **Purple & Red**

* **SANVITALIA**

QUEEN OF SUNLIGHT™: Highly branched compact plant, teeming with bright yellow blooms and green leaves. 8-10", Part Sun/Sun

* **SNAPDRAGON**

FLORAL SHOWERS SERIES: Vigorous extra-dwarf, well branched, heavy blooming, heat resistant snaps. They are covered in striking 3" long spikes of color. 6-8", Part Sun/Sun, Colors Available: **Mix & Red/Yellow**

TWINNY™ SERIES: A unique series with eyeing catching semi double and to double opened faced flowers. 12", Part Sun/Sun, Colors Available: **Bronze, & Peach**

* **TORENIA**

KAUAI™ MIX: The wishbone flowers are profuse bloomers on compact heat tolerant plants. It is sure to brighten up any shady spot. 8", Shade/Part Shade

* **VERBENA**

OBSESSION™ SERIES: Outstanding performance! These Twisters have tri-color blooms. 12", Part Sun/Sun, Colors Available: **Coral w/Eye, Twister Purple & Twister Red**

* **VINCA**

CORA® MIX: Beautiful mix of vibrant colors adorn these heat loving plants. 12-14", Sun

PACIFICA BURGUNDY HALO: AAS winner, first Vinca with a burgundy halo surrounding a large white center.

This bicolor bloom is a vivid contrast and stands out in the crowd. 10-12", Sun

TATTOO™ SERIES: Each petal looks like it's inked or airbrushed with soft brush strokes of dark purple. 10-14", Sun, Colors Available: **Black Cherry, Blackberry, Raspberry, & Tangerine**

* **VIOLA** (available early April)

PENNY™ DEMIN JUMP UP: A classic fragrant bloom that is a must for every garden. Unique mounded plant habit suits a wide range of pots and containers. Blue with deep blue upper petals. 4-6", Part Sun/Sun

SORBET™ SERIES: This series combines the charm of violas with the amazing color range of pansies. Flowers bloom over an extremely long season. 6-8", Sun/Part Sun, Colors Available: **Honeybee, Pink Halo (NEW!!!), Orchid Rose Beacon, & XP Raspberry (New!!!)**

* **ZINNIA**

DREAMLAND™ SERIES: Still the finest garden Zinnia. Will wow gardeners with early, big, long-lasting blooms on compact plants. 10-12", Part Sun/Sun, Colors Available: **Coral & Rose**

LILLIPUT MIX: Stunning 1", globe shaped blooms in a range of colors including: white, orange, purple, red, & pink. 18-24", Part Sun/Sun

MACARENIA: Double 3" flowers produce scarlet petals with golden tips. This novelty will demand attention in your garden. 20-30", Part Sun/Sun

MAZURKIA: 2011 Fleuroselect Novelty. Overlapping, blunt-tipped petals of cream and cherry rose. Early to flower with improved double-ness over other similar types, it has a neat compact habit. 24", Part Sun/Sun

MINI CACTUS: Unique, quilled petals like those found on the Giant Cactus Mix. 15", Part Sun/Sun

POP ART RED & WHITE: These double-flowered, bicolor zinnia are simply amazing! Each flower looks as if someone flicked a wet paintbrush on it, scattering beautiful drops of color all over. 24", Part Sun/Sun

PROFUSION SERIES: AAS & Fleuroselect Winners, needle like leaves lend a soft textural feel that contrast nicely with the glowing hot colors of the flowers. Forms a perfect 12" mound, blooms prolifically. 12", Part Sun/Sun, Color Available: **5 Color Mix, Apricot, Cherry Bi-color, Double Cherry, Fire, Orange, & Red Yellow Bi-color**

STATE FAIR MIX: This one is a sure winner. Jumbo 5" flowers in a wide range of colors adorn tall, robust plants. Disease resistant with terrific sun and heat tolerance. 36", Part Sun/Sun

SENSATIONAL 6 PAKS – call for prices

6 plants per pak - 6 paks per flat – 36 plants

* **AMARANTHUS**

LOVE LIES BLEEDING (*A.caudatas*): Pre-1700 variety, plants are covered with long rope-like flowers that are deep red color. Very striking plant for any garden. Leaves are tasty as cooked greens. Also makes a great cut flower. 3-4ft, Sun

TRICOLOR PERFECTA (*A.splendens*): Gorgeous scarlet and yellow leaves top the plants with chocolate-brown, yellow and green leaves underneath. 4-5ft, Sun

* **ASCLEPIAS**

SILKY MIX: Add some zest to any garden with this unique flower. Featuring attractive umbels, the mixture consists of Silky Deep Red, Gold, and Scarlet. 24-28", Sun

* **CELOSIA**

KOSMO MIX: Compact plant with bright feathery blooms. 8-10", Part Sun/Sun

* **DAHLBERG DAISY**

SHOOTING STAR: The plant you love to neglect! Cheery yellow daisies bloom forever on lush ferny foliage. They just make you smile! Spreads, 6", Spread 12-14", Part Sun/Sun

* **DAHLIA**

BLOODY MARY MIX: The softly bronzed foliage stands out against single and semi-double flowers in a beautiful array of colors. 16", Part Sun/Sun

COLLARETTE DANDY MIX: Dwarf bushy dahlias with delightful "collarette" form, in many shades of red, yellow, orange, and white all with white matching or contrasting inner collar of quilled petals. 20-24", Part Sun/Sun

GARDEN PRIDE MIX: Uniform blooming, semi-double separate colors on the bushy, dark green leaf dahlia. 12-36", Part Sun/Sun

* **GAZANIA**

FROSTY KISS™ WHITE FLAME: Eye catching deep rose & white stripes on bright white blooms. Plants love heat and stay tidy in the garden. 8-10", Sun

* **GYPSOPHILIA**

GYPSY DEEP ROSE: AAS Winner has deep rose flowers on graceful plants with finely textured foliage. Adds a romantic touch to any garden. 12", Part Sun/Sun

* **HELICHRYSUM**

NORTHERN LIGHTS: Early 4" round beefsteak, yellow-orange with red blush on bottom and red center. Sweet with a little tart twist and intense flavor, good northern variety. 55 days

ORANGE RUSSIAN: A cross between Russian 117 and Georgia Streak producing 1-2lb heart shaped fruit that is yellow-orange with a pink blush and with a very meaty red center. Big and fantastic, we love this one! 83 days

PURPLE / BLACK

BLACK ETHIOPIAN: A favorite Russian heirloom originally from the Ukraine. This heirloom yields copious amounts of 5oz red-mahogany-bronze plum shaped fruit. Exceptional, rich, fruity, tangy taste! 81 days

BLACK KRIM: This heirloom gets its name from the Isle of Krim on the Black Sea where it originated from. This rare outstanding heirloom yields 3-4" dark-red slightly maroon beefsteak tomatoes with deep green shoulders. It has a fantastic, intense, slightly salty taste. 75 days

CHEROKEE PURPLE: Heirloom from Tennessee cultivated by Native American Cherokee tribe. Very productive plants producing loads of dusky rose to purple colored, 12 oz.-1 lb., beefsteak tomatoes with deep red colors to the interior flesh and dark shoulders. Very rich, complex and sweet flavors. 80 days
and have sweet, meaty flesh with a rich taste. 90 days

PAUL ROBESON: Named in honor of the famous opera singer star of 'King Solomon's Mines', 1937. Paul Robeson was an equal rights advocate who stood up to the infamous McCarthy committee in the 1950's and had his career nearly destroyed as a result. He was idolized in Russia as well as all around the world. This Russian heirloom was lovingly named in his honor. This variety has amazing flavor and a distinctive sweet and smoky flavor with 7-10oz fruits that are a black-brick color. 90 days

PURPLE RUSSIAN: A Russian heirloom tomato from the Ukraine. These 6oz, oblong (plum-shaped) purple-red tomatoes produce huge amounts. They are generally crack-free, and always have sweet flavor. 76 days

RED

BEEFSTEAK: (aka Red Ponderosa or Crimson Cushion) Considered original "Beefsteak." Produces an abundant amount of huge, 10oz-2lbs tomatoes that are flat, solid, meaty, juicy and bright red. 90 days

BOX CAR WILLIE: Named for the singer Box Car Willie of the Grand Ole Opry, these plants yield an abundant crop of 10-16 oz, smooth bright red with an orange tinge tomatoes. Excellent tasting, very juicy, good resistance to disease and cracking. 80 days

CARMELLO: This beautiful French variety is among the most productive tomatoes ever bred. It is popular in European markets because of its exceptionally fine flavor, and good sugar/acid balance. 75 days

COSTOLUTO FIORENTINO: Distinct flattened, heavily -ribbed shape fruits hail from Florence and impress with its early maturity of brilliant red, juicy, flavorful tomatoes. Great for sauce or slow roasted. 80 days

PINK

BRANDYWINE: Probably the first heirloom to achieve "cult" status within the growing popularity of heirlooms. A pink, potato leaf, Amish variety, fruits are reddish-pink, with light, creamy flesh that average 12oz but can get larger. 80 days

EVA PURPLE BALL: A vigorous, 1800's heirloom from the Black Forest region of Germany. Delicious 2-3oz, pink-purple fruits are big producers. 70 days

MORTGAGE LIFTER: A classic old-time, heirloom tomato. This red strain of the Radiator Charlie's Mortgage Lifter has become one of America's favorites. It produces 1-2lb, slightly ribbed, meaty, red, beefsteak tomatoes with perfectly rich, sweet, bold, old fashion flavors. 85 days

YELLOW / ORANGE

DAD'S SUNSET: Plants produce uniformly round, meaty, 10-16oz, golden-orange fruit. Tomatoes are slightly tart yet have a sweet delightful flavor and great visual appeal. 90 days

HAWAIIAN PINEAPPLE: A large, golden-orange beefsteak with fruit that grows up to 1-1/2 lbs. When fruit is ripe it has a luscious, very rich, sweet pineapple like flavor. 93 days

KELLOGGS BREAKFAST: Produces 1 lb., pale to deep orange beefsteak tomatoes. Originally from West Virginia, these thin-skinned, meaty beauties, have few seeds and a fantastic sweet, tangy flavor. Juice and inside flesh have the same bright orange color as orange juice. 80 days

GARDEN PEACH: Yellow fruits blush pink when ripe and have thin fuzzy skins somewhat like peaches, soft-skinned, juicy and very sweet. Light fruity taste is not what you'd expect in a tomato. Burpee in 1893 called it "delicate, melting in the mouth like a grape." 2-4oz fruits. 71 days

VALENCIA: Heirloom from Maine. Beautiful, round, 10oz, orange fruits that contain a rich tomato flavor. One of the best mid-season tomatoes for flavor and texture. 75 days

CHERRY & PASTE

AMISH PASTE: Many seeds savers believe this is the ultimate paste tomato. Giant, blocky Roma-type tomatoes have delicious red flesh that is perfect for paste and canning. World class flavor and comes from an Amish community in Wisconsin. 80 days

BLACK CHERRY: A tall, vigorous plant that produces abundant crops of 1", deep mahogany-pink fruits. The only round, truly black cherry we've found. Fruits are irresistibly delicious with sweet, complex, full flavors. A top seller. 64 days

BLACK PLUM: These little Russian favorites produce a long and steady crop of 2” plum shaped fruits with a beautiful deep mahogany color and a unique sweet tangy bite. 82 days

BLONDKOPFCHEN: An heirloom tomato from eastern Germany. The name of this adorable heirloom cherry tomato means "little blonde girl". One of the BEST TASTING cherry tomatoes. Deliciously sweet with a slight citrusy tart finish. 75 days

BROWN BERRY: Vigorous plants that yield exceptionally large crops of mahogany (brick-red) brown colored, 1” round cherry tomatoes. This cherry has excellent semi-sweet, rich flavors with just a slight bit of acid finish over its fruity sweetness. Very Juicy! 72 days

CHADWICK CHERRY: Heirloom named after the late master gardener, Alan Chadwick, originator of the Bio-intensive method of gardening, flavorful 1” red fruits borne in vigorous clusters of 6. 70 days

HELSING JUNCTION BLUE: Bred in 2012 by Tom Wagner this “Modern Heirloom” has large ¾” round dark blue to purple cherry tomatoes. An impressive indeterminate plant that produces heavy loads of blue/black tomatoes that have a distinct acidic tang to the sweetness. Early fruit color appears red to purple, harvest when fruit is dark blue. 69 days

ISIS CANDY: This tomato produces a delightful 1” round, yellow with red tinge and marbling and gold flesh. It typically has a ‘cat’s eye’ star of yellow on one end. Super delicious sweet taste, rich and fruity, taste like candy! 67 days

ORANGE CHERRY: Huge crops of 1” orange, round cherries. One of the best tasting, most prolific cherry tomatoes. Very, very flavorful. 70 days

PEACEVINE: Developed by Dr. Alan Kapuler. Tremendous producer of ¾” cherry tomatoes borne on trusses. Most fruit is red, although occasionally orange/gold, exceptionally delicious and high in vitamin C. Peacevine earned its name from its high content of gamma amino butyric acid, an amino acid that acts as a calming body sedative. 75 days

SAN MARZANO: Savor the taste of real old-fashioned tomato richness, the kind you can smell before you even bite into it! San Marzano captures that bygone flavor and aroma in every large, plump, delicious 4½- to 5-ounce plum tomato. 91 days

STRIPED ROMAN: Stunning and unique, these long pointed red fruits have wavy orange stripes with meaty flesh and excellent flavor. A perfect midsized beauty developed by John Swenson. 75 days

HYBRID

BIG BOY: One of the best tomatoes of all time and still a best seller since 1949. Its incredible productivity and gorgeous, perfect, large red fruit along with its wonderful aroma and rich flavor have kept this a best-selling tomato all these years. 10oz-1lb, 78 days

CELEBRITY: This AAS winner has heavy yields of tasty tomatoes with superb flavor on determinate plants. 70 days

EARLY GIRL: Use this tomato to jump start your harvest! This girl bears lots of fruit for an early harvest. 50 days

GRAPE: Great Grape with quality, flavor, yields and holding ability. Meaty bright red fruits are nearly as firm as Roma types and are quite crack resistant. Vigorous plants set loads of fruits in long trusses for a long season that begins early, and due to a very high level of disease resistance, continues right up until frost. 66 days

JET STAR: Produces big yields of large bright red tomatoes. Low in acid. 72 days

ROMA: A special bred plum tomato that produces fleshy, juicy, almost seedless fruits with a deliciously different flavor. This semi-bush is a heavy producer. 76 days

SUN GOLD: These are one of the garden’s sweetest treats with explosively sweet flavor. Plants are heavy producing. 55-65 days

WILD BOAR FARM’S TOMATOES

WILD BOAR FARM’S TOMATOES

Brad Gates is known in the California Bay area as “the tomato guy.” Brad is proprietor of Wild Boar Farms near Napa, California, where he offers some of the most outrageous tomatoes available on the planet. Using heirloom genetics and mutations as a foundation, he’s creating new varieties. He enjoys creating tomatoes with new flavors, new colors, and new shapes, with a goal to create the most amazing tomato varieties there are. His main focus is on bi-color and striped varieties with extreme flavor and fascinating looks. We are quite delighted to offer several of Brad Gates’ most excellent varieties. We hope you enjoy them as much as we do!

AFTERNOON DELIGHT: Large (8-16oz) and very meaty, red/yellow bi-color beefsteak with purple anthocyanin splashes on the sun kissed fruits. An accidental cross between Big Rainbow and an unknown anthocyanin line. Large, beautiful, solid and meaty. Mid-late season 80 days

ATOMIC SUNSET: A stunning cross of Brad's Atomic Grape and Orange Roma. Super durable strain that can hang on the vine for weeks while fully ripened, making it one of the hardiest tomatoes we've ever seen. Small, plum-shaped oval, orange, yellow fruits with black stripes on shoulder or completely black (depends on sun). 2oz. 75days

BLACK BEAUTY: World's Darkest Tomato ~ the darkest tomato we know of! A dark, meaty, very rich-fleshed tomato with extreme anthocyanin expression (same antioxidant in blueberries and blackberries). So dark that some tomatoes turn solid blue-black on the skin. Deep red flesh is among the best tasting of all tomatoes. Rich, smooth and savory with earthy tones. Mid-season variety that ripens slowly. 85 days

BLUE BERRIES (aka Blue Boar Berries): Very dark purple color, which means it's super-rich in anthocyanins. Unripe, the fruits are a glowing amethyst purple. At maturity, they turn deep red where the fruit was shaded; the areas that received intense sunshine are a purple so deep, it's almost black! The flavor is intensely fruity, and sugar-sweet! Plants are very productive. 75 days

BRAD'S ATOMIC GRAPE: Elongated, cherry tomatoes grow in clusters (some to plum-size), displaying an amazing array of color: lavender and purple stripes, turning a technicolor olive-green, red, and then brown/blue stripes when fully ripe. Fruits hold well on or off the vine. Crack-resistant, extraordinarily sweet and packed with full on tomato flavor. 75 days

DARK GALAXY: A Delicious Galactic Beauty~ With mottled skin resembling a scene from deep space, each fascinating fruit depicts the depth and beauty of the night sky. Dark Galaxy bears 2-8 oz fruits that are flattened, with red and orange stripes covered in random speckles and layered by deep blue. 75 days

LUCID GEM: Lucid Gem is quickly becoming one of the most popular anthocyanin tomatoes. This is so because they are excessively beautiful, unique in and out and pretty tasty too. Boasting very dark tops and yellowish bottoms, this gem is just as beautiful when sliced. Sweet, rich earthy flavor. 75 days

NAPA CHARDONNAY: Very productive yellow cherry with a pearlescent-ness to them. Great looking with a very good flavor that is sweet rich. Has exceptional hang-on-the vine quality and can be harvested by cutting entire cluster off.

PORK CHOP: Beautiful bi color that is lemon yellow when ripe with a sweet flavor that has a refreshing citrus component. 8-12oz. 75 days

SOLAR FLARE: This 6-10oz beefsteak is red with gold stripes and has very meaty flesh with luscious, sweet red tomato flavor. Developed by Brad Gates and selected for flavor, production, increased earliness, and scab resistance, it's a real workhorse. 85 days

SWEET TOOTH: Purple-pink pointed Roma with green stripes. Very rich, sweet, meaty flesh, great producer. Very beautiful, tasty & unique. 65-75 days

4" MISC EDIBLES – call for prices

4" fiber – 10 pots/flat

* **ARTICHOKE**

IMPERIAL STAR: This artichoke was bred for annual production and will produce well-developed artichokes the first year from seed. 85 days

* **ASPARAGUS**

MARY WASHINGTON: Very strong grower that produces long, thick spears in May-June.

* **CANTALOPE**

ATHENA: Highest-quality, 5- to 6-lb. fruits have outstanding flavor and aroma. Firm, salmon-colored flesh holds well after harvest. Vigorous, high-yielding plants. You won't be disappointed! 75 days

* **CUCUMBER**

BUSH CROP: Perfect for those with limited space. Dwarf bushy plants with 24-36" vines grow a medium green fruit 6-8". Crisp, tender, and flavorful, great for slicers, dills, or fancy sweet pickles. 45 days

DIVA: Seedless, thin-skinned cucumbers are distinctly crisp, sweet and bitter-free. 58 days – **NEW!!!**

LEMON: We heard you! Look who's back! The shape, size, and color of a lemon, with super-sweet cucumber flavor. 60 days

MINI ME: Nearly spineless fruits, 2-3" long with thin, smooth skin and mild slightly sweet flavor. Snack size! 45 days

NORTHERN PICKLING: Fruits bear early and set heavily on short, space-saving vines. 48 days

STRIPED ARMENIAN: Produces long, curved fruits with crisp texture and sweet cucumber flavor. 60 days – **NEW!!!**

SWEET SLICE: A productive hybrid with mild flavor and no trace of bitterness - not a 'burp' in a bushel. Vigorous vines produce a heavy crop of slim, medium-dark green fruits 10 to 12 inches long. 62 days

* **EGGPLANT**

CLASSIC: High yields of glossy dark purple fruits on very upright, strong plant. 65 days

LITTLE FINGERS: Small, slender eggplants have glossy black skin and mild, delicate flavor. 65 day

THAI KERMITT: Small round eggplants have a green/white variegated skin and green calyx. Young fruits are very tasty. 60 days

* **HUSKY CHERRY**

GOLDIE: The old-fashioned tomato family member bears ½"- 3/4" sweet golden berries inside papery husks, resembling small, straw-colored Japanese lanterns. The flavor is quite sweet and a bit wild. 75 days

* **MEXICAN SOUR GHERKIN**

Incredible, small cucumber-like fruit are shaped like baby watermelons. They are good added to salads or can be pickled. They have a cucumber taste with a touch of lemon. 75 days

* **OKRA**

BURGUNDY: Produces tender red pods. The plants themselves are quite attractive, with green leaves that contrast beautifully with the burgundy colored stems and midribs. 75-80 days

* **PEANUT**

BLACK: Normal looking pods until you open them up and see the deep purple-black sweet, nutty kernels. 100 days

* **PUMPKIN**

PIE: Attractive, small pumpkins are perfect for rich and flavorful soups and baking, especially pies. 85 days

* **RHUBARB**

VICTORIA: Large, tender, rosy-red stalks gradually turn to pink and then solid green towards the tip. Sweeter and milder than other varieties.

* **SPINACH**

RED STEM MALABAR: The thick, dark green leaves of this edible ornamental provide tasty greens throughout the summer, when traditional spinach will not grow. 55 days

* **STRAWBERRY**

ALPINE RED: Vigorous plants with few to no runners. Red fruit typically is not a scarlet color but a lighter red that may appear to be dark orange. Very delicious, aromatic fruits. 100-120 days

ALPINE WHITE SOUL: Super sweet, taste like pineapple candy. Strong grower and producer. 100-120 days

ALPINE YELLOW WONDER: Very productive variety with pale yellow fruits, sweeter than the red varieties. 100-120 days

* **TOMATILLO**

CISINEROS: Incredibly large tomatillo will amaze you with its size and productivity. Easily twice the size of most tomatillos, making preparation into salsa even easier. 75 days.

* **WATERMELON**

BLACKTAIL MOUNTAIN: Gorgeous green/black round fruits weigh 6-12lbs. Deep scarlet flesh is super sweet, juicy and crunchy. This variety was bred in Idaho and is perfect for Northern short season areas. 65-75 days

MOON & STARS: Dark green rind has bright yellow spots, leaves are also specked in yellow, has very sweet-brilliant red flesh can be over 40lb. An old-time heirloom favorite. 95 days

ORANGEGLO: An extraordinary watermelon offered by the Willhite Seed Company in the early 1980s. Fiery orange flesh is sugary, delicious, and crisp. Large oblong fruits average 25 pounds. 90 days

SUGAR BABY: Small melon packed with flavor, rich and incredibly sweet. Red flesh. 6-9lbs. 80 days

YELLOW DOLL: Yellow icebox type, maturing melons are slightly oval in shape with medium and dark green stripes. Fantastic bright yellow flesh with small brown seeds. Its sweet, crisp flavor is hard to beat. 5-8lb. 76 days

* **SWEET POTATO**

BEAUREGARD: Dark red-orange skin with moist, sweet, orange flesh. 90 days

* **CHIVES**

CHIVES: Grass-like perennial with tubular stalks and attractive purple blooms in the Spring. Stalks have a mild onion flavor, fresh or dried. Great in soups and salads and will grow almost anywhere. 22-24", Culinary

GARLIC: Grass-like perennial with tubular stalks and attractive white blooms in summer. Stalks have a mild onion-garlic flavor, fresh or dried. Nice as a garnish or used in dishes that would call for onions. 18-24", Culinary

* **CILANTRO (CORIANDER):** Green leafy plant whose leaves are used in Mexican and Asian cooking. Seed can also be used in soups and stews. 12-18" Culinary

* **DILL:** Upright mound of aromatic, fine-textured foliage with tall stems of yellow blooms. Slow to bolt. 12-24", Culinary

* **FENNEL**

BRONZE: Tall, erect-growing plant with soft, feathery, fine-textured, bronze-purple foliage. Very attractive ornamental. Common in Mediterranean cooking. 26", Culinary, Edible Flower, Ornamental

* **MARJORAM**

SWEET: Dense mound of small dark green leaves with mild fragrance. Leaves are used fresh or dried and go well with beef or poultry, and in soups. 12-15", Culinary

* **MEXICAN MINT MARIGOLD:** Sweet licorice flavor brightens salads and main dishes. Edible, bright, pretty golden-yellow flowers bloom all summer. 16-20", Culinary - **NEW!!!**

* **OREGANO**

ITALIAN: Aromatic, a staple in Italian cooking, fresh or dried. It has a sweet flavor, but its strong enough to stand up to bold flavors like beef, garlic, and tomatoes. 18" Aromatic, Culinary

* **PARSLEY**

CURLY: Green leafy plants up to 12" tall, with decorative curled and frilled leaves. Use fresh as a decorative garnish or in tomato based dishes. 12", Culinary, Ornamental

GIANT OF ITALY: Huge dark green flat leaves with excellent flavor. Plants have vigorous upright growth. 18-20", Culinary, Ornamental

* **PEPPERMINT**: Strongly aromatic, peppermint can be used in cooking, drinks, salads, and baked goods. Dark green leaves make a great tea and can settle an upset stomach. 18-24", Aromatic, Culinary, Medicinal

* **SAGE**

COMMON: Densely mounded, dark green-grey leafy herb with thick, rough textured, very fragrant foliage and spikes of blue flowers in summer. This popular variety is great for a seasoning in stuffing and sausages. 18-24", Culinary, Medicinal

* **SPEARMINT**: Colonists used this dark green leaf mint to help headaches, indigestion, and with sleep. Also makes a great culinary addition. 24", Aromatic, Culinary, Medicinal

* **SUMMER SAVORY**: This herb forms a mound of spicy flavored, aromatic, narrow leaves and stems of purple-pink blooms. Milder than Winter Savory and similar to a combination of marjoram and thyme. Great in tea, sausage, and stuffing. 10-18", Aromatic, Culinary

* **THYME**

ENGLISH: Mounding habit, gray-green leaves, and lilac-purple flowers in summer. The most popular culinary Thyme. English leaves are about twice the width of French Thyme, great in soups, casseroles, and stuffing. 6-8", Aromatic, Culinary, Ornamental

.....
* **CURRY (H.ANGUSTIFOLIUM)**: Lovely grey foliage plant with a strong sweet curry scent. Do not use in cooking instead use among woollens to repel moths or in potpourri. Aromatic, Ornamental

* **LAVENDER**

BOYSENBERRY RUFFLES: Produces vibrant red flower spikes, topped with pale pink bracts. Its foliage is gray-green in color and is highly aromatic. Repeat bloomer. 18", Aromatic, Ornamental

HIDCOTE BLUE: Fragrant, silver-gray foliage topped with spikes of deep violet-blue in summer. One of the best culinary lavenders, it pairs well with other herbs such as sage, thyme, savory and rosemary. 12-18", Aromatic, Culinary, Ornamental

OTTO QUAST: Produces vibrant, violet-purple flower spikes topped with violet bracts set against aromatic, gray-green foliage. The flowers are a main selling point. Butterflies and bees will like them just as much as you! 24-30", Aromatic, Ornamental

PHENOMENAL: The toughest lavender there is, tolerating heat and humidity, resistant to root and foliar diseases and Deer proof. Fragrant, 24" plants are lovely in cottage gardens, patio or as a border.

PINNATA: Sometimes called Jagged or Fern Leaf Lavender because of its unique leaf structure. The flower buds grow to 3ft before they unfurl their whorled flower heads into a spectacular show. 2ft, Aromatic, Ornamental

PLATINUM BLONDE: Stunning cream and green leaves with fragrant blue flowers. You can cook with it, but it's so attractive you might not want to harvest it! 24", Aromatic, Culinary, Ornamental

* **LEMON GRASS (WEST INDIAN)**: Has large stalks and a bulbous stem base. It's a good source of vitamin A. It's commonly used for tea in addition to cooking. 18-48", Culinary, Medicinal

* **LEMON VERBENA**

Well-branched shrub with lightly serrated green leaves that have a strong lemon aroma and flavor. Great for teas. 24-30", Aromatic, Culinary

* **MARJORAM**

GOLDEN TIPS: Unique two-toned foliage is green with randomly gold tipped foliage. Great flavor, similar to oregano. It goes well with beef and poultry. Showy mauve flowers in summer. Culinary, Ornamental

* **MINT**

APPLE: Medium size, serrated light green leaves have delicious, sweet, fruity apple aroma. 18-24", Aromatic, Culinary

BASIL: Distinct basil-mint flavor, upright growing plant with purple-mauve flower. It has rounded, thick, dark green foliage with a reddish-purple tinge. 20", Aromatic, Culinary

CHOCOLATE: Unusual mint who's narrow, pointed green leaves have a chocolate-peppermint patty aroma and a slight brownish tint. These leaves would make a nice addition to teas. Flowers are also edible. 18-24", Aromatic, Culinary

GINGER: Uniquely scented herb prized for its rich flavor and beautifully colored, heart shaped foliage. This particular mint contains both menthol and carvone becoming a truly "double mint." This variety is one that plays well with melon, tomatoes and fruit salads. Medicinal uses are like most mints. 12-36", Aromatic, Culinary, Medicinal, Ornamental

MOJITO: Mounds of aromatic green leaves with very distinct mint fragrance and flavor. The choice mint for Mojitos. It's our favorite mint! 12-18", Aromatic, Culinary

ORANGE: Vigorous upright mound of large puckered green leaves with a wonderful orange citrus aroma and flavor. Good in fruit punch or dried potpourris. Produces spikes of purple flower in the summer months. 12-18", Aromatic, Culinary

PINEAPPLE: Upright mound of wonderfully variegated light green leaves with white margins and a pineapple aroma. Like most mints, it's a nice addition to your hot or iced teas. 12-18", Aromatic, Culinary

STRAWBERRY: Intense strawberry taste on a compact plant. Pick little and often for a plentiful supply of refreshing and flavorsome mint. Great for drinks. Aromatic, Culinary

* **OREGANO**

HOT & SPICY: This oregano has intense, strong spicy flavor. Great in hot salsas or chili dishes. 18", Aromatic, Culinary

* **ROSEMARY:** A very popular variety with small needle-like, fragrant dark green leaves, and spikes of violet blue fragrant blooms in summer. A mainstay for cooking and as a garnish. 18-24", Aromatic, Culinary

* **SAGE**

PINEAPPLE: This plant's bright red flowers have a sweet, fruity flavor, hinting of mint and spice, and smells like pineapples when crushed. Plus, it's a hummingbird magnet. 4-5'. Aromatic, Culinary, Ornamental - **NEW!!!**

PURPURASCENS: Beautiful deep purple and green leaves are a beautiful contrast plant. 18", Culinary, Ornamental - **NEW!!!**

TRICOLOR: Rounded mound of showy green, purple, and cream aromatic leaves with spikes of lilac-blue blooms. Nice decorative herb that also goes well in teas, sausages, and stuffing. 18-24", Culinary, Ornamental

WHITE SAGE: Attractive upright mound of unique silver-white aromatic foliage, with tall stems of white flowers that are favored by bees. Used to make incense and smudge sticks. Roots used in tea to help strengthen after childbirth. 16-36", Aromatic, Medicinal

* **STEVIA:** Edible cousin of lantana whose leaves have an intense sweet flavor. Is a great sugar substitute. 18-20", Culinary

* **TARRAGON (FRENCH):** Upright mound of narrow, light green leaves with delightful licorice aroma and flavor. Use fresh or dried, loves the heat of the summer. Tastes great with chicken and fish. 24", Aromatic, Culinary

* **THYME**

LEMON (Golden Variegated): Tiny-leaved, ground-covering herb with a wonderful lemon-citrus fragrance.

Leaves are variegated green with yellow edging, lilac pink flowers when in bloom. Really pretty, makes a decorative, tasty garnish. Aromatic, Culinary, Ornamental

SILVER: Mounding habit, silver-edged, gray-green leaves and lilac-purple flowers. Nice in herb breads or marinades. Dried leaves may be used to flavor poultry, fish, and vegetables in addition to stuffing, stews and marinades. Aromatic, Culinary, Ornamental

* **GERANIUM (SCENTED)**

ATTAR ROSE: Grown primarily for its attractive rose-scented leaves and pink blooms both of which are great candidates for candying and make attractive confetti when used in sorbets and jellies. 12-14", Culinary, Ornamental

CITRIODORUM: Large citrus-scented leaves on a robust plant. Lavender flowers. Good container plant. Prune to shape this somewhat sprawling variety. Don't count on the plant driving away mosquitoes. The plant called "Mosquito Plant" is closely related to this variety but was proven long ago to be totally ineffective. The leaves do contain citronella (although other varieties may have higher a concentration), however the oil is only released when the leaves are brushed or bruised, Sprawling, 18", Aromatic, Ornamental

CONCOLOR LACE: Unique for its nutty aroma (reminiscent of hazelnuts), this geranium also has bright red flowers. Deer resistant plant. Light green, aromatic compact foliage with light pink flowers. 18-24", Aromatic, Ornamental

FRAGANS: Delightful small rounded leaves smell like nutmeg. Small white blooms. 12-18", Aromatic, Ornamental

LADY PLYMOUTH: Deep, divided, soft green leaves with white borders exude a mint-rose scent. Pale pink flowers with purple throats and dark veining on its upper petals. You can flavor sugar by layering sugar and leaves in a jar for 3-4 weeks. The dried leaves can also be used for potpourris. 24-36", Culinary, Ornamental

LEMONA: Luscious sweet lemon fragrance with abundant pink flowers. 12-18", Culinary, Ornamental - NEW!!!
